Dave, Larry, and Tom,

Following up on Daniel's email, Larry Culleen also emailed me, as well as left me a voicemail. I let him know that I'd get back to him on two topics: (1) deadline for the petition given that we received more info from the petitioner and (2) whether we'll provide a docket sooner rather than later that includes any of the materials from the meeting with the petitioners and their follow-up letter.

For purposes of transparency we could launch the docket now and add letters we receive as well as

letters we send. (b) (5)

Dave --

I am aware that the Agency has recently received some extra correspondence related to the pending PFAS Section 21 Petition. Will the additional correspondence extend the 90-day deadline for EPA's reply? Has the Agency created a docket for this matter?
